

PRIMAT: Sales information

New Safes: STARPRIM 2/N, 3/N, 4/N

Tradition since 1901 - we have a lot to look back on and remember; with the new knowledge and experience we have a lot to look in the future....

PRIMAT has completed the new development:
New generation of freestanding Safes according to EN 1143-1.

We have reduced the wall thickness from 55 mm to 40 mm.
With our new technology of safe building you can now store up to 20% more in the same space with the same safety.

PRIMAT offers a comprehensive line of Safes STARPRIM 2/N, 3/N, 4/N according to European standard EN 1143-1.

PRIMAT is ready to support you by your market activities.
We shall keep up the good work for our customers!

PRIMAT d.d.
